

Year One
Newsletter
January 2016

Over the next few weeks we will be making dinosaur junk models. If you have any boxes, bottles, cartons or tubes could you please send them in as soon as possible?

This half term our topic is dinosaurs!! We will be looking at and learning about different types of dinosaurs. We will also be classifying various dinosaurs, looking at their features and learning many more facts about dinosaurs.

The children have been back in school for a term now and we have noticed that in some cases clothing labels have either worn away or fallen off. To ensure your child keeps hold of their own clothing please ensure you clearly name all items including PE clothing and additionally water bottles. Please can you also ensure that warm tracksuit bottoms are packed for P.E now that the weather

This half term is going to be a very busy one. We are currently organising various trips. Please ensure you keep a close eye on the contents of your child's reading folder so you don't miss anything. We will also need parental help on these trips, so please let us know if you can come along.

School Lunches.

We would like to remind you that your child is entitled to a **FREE** school meal every day. There are a variety of choices of hot meals and pack lunch and there is no charge for this.

Reading

Most of our children are making excellent progress with their reading; due to the home school partnership. It is still essential that you hear your child read on a daily basis. Also please ensure your child only colours in one smiley face per evening even if they read to you more than once. Thank you to those parents that are supporting the school with this essential skill.

Homework

Please ensure that your child learns the spellings that are issued each week on a Friday. Your child has one week to learn these, then will be tested the following week.

Thank you for the wonderful homework about interviewing relations. This half of term we would like you to work with your child on finding out about dinosaurs. Your child will be expected to share something that they have found with the rest of the class. It could be a fascinating fact, a picture, a poster, a model or anything else that they choose to do. Please send this in by Friday 5th February. This will then be shared in the last week of term.

Any queries please do not hesitate to see your child's teacher.

**Many Thanks
Mrs Knuckey and Miss Clark**
