

Year One Newsletter - Spring 2016

Our Topic this half term is 'Houses and Homes'. We will be looking at different types houses and homes, where we live and how they are made. In Science we will be investigating building materials and their properties.

Letters

Please check your child's book bag regularly for letters about this half term's homework and open afternoons.

We need your help.

We are currently transforming the area outside 1NC. The next phase involves laying AstroTurf, painting and planting plants. If you are able to spare a couple of hours at any point during a week, please can see Miss Clark. Any help would be gratefully received as we are very keen to get this set up so we can start to use it.

Reading Challenge

We are really pleased at how the reading challenge is progressing. Please encourage your child to read **every** night and remind them to colour in a smiley face.

Our P.E days are Monday and Wednesday

We would like to take the children outdoors if possible to do P.E so please check that they have fitting plimsolls or trainers (preferably with Velcro fastening) in school and a track suit to keep them warm. Also please check that everything is clearly labelled.

Please make sure your child has their PE kit in school every day.

Missing Clothing

We have had lots of missing jumpers recently. Please make sure that your child's clothing is named so it can make its way back to you.

Walk Around Our Local Area.

We are planning to do a walk around our local area next week. It will be decided on the day when we go and we have sufficient adults in school to take the children around safely. Please can you make sure that your child comes to school each day with a coat.

Many thanks.

Infant Fund Raising Easter Egg Hunt

We will be running a fund raising Easter Egg Hunt on Thursday 24th March. If your child would like to join in the cost will be £1 which can be paid at any time between now and the day of the hunt.

Thank you for your continued support
Mrs Knuckey and Miss Clark
